THE DESIGN MONSTER

CONTACT ME

HELLO THERE !

Im a Ux/ui design student.  
Currently studying in  
Symbiosis Institute Of Design, Pune.

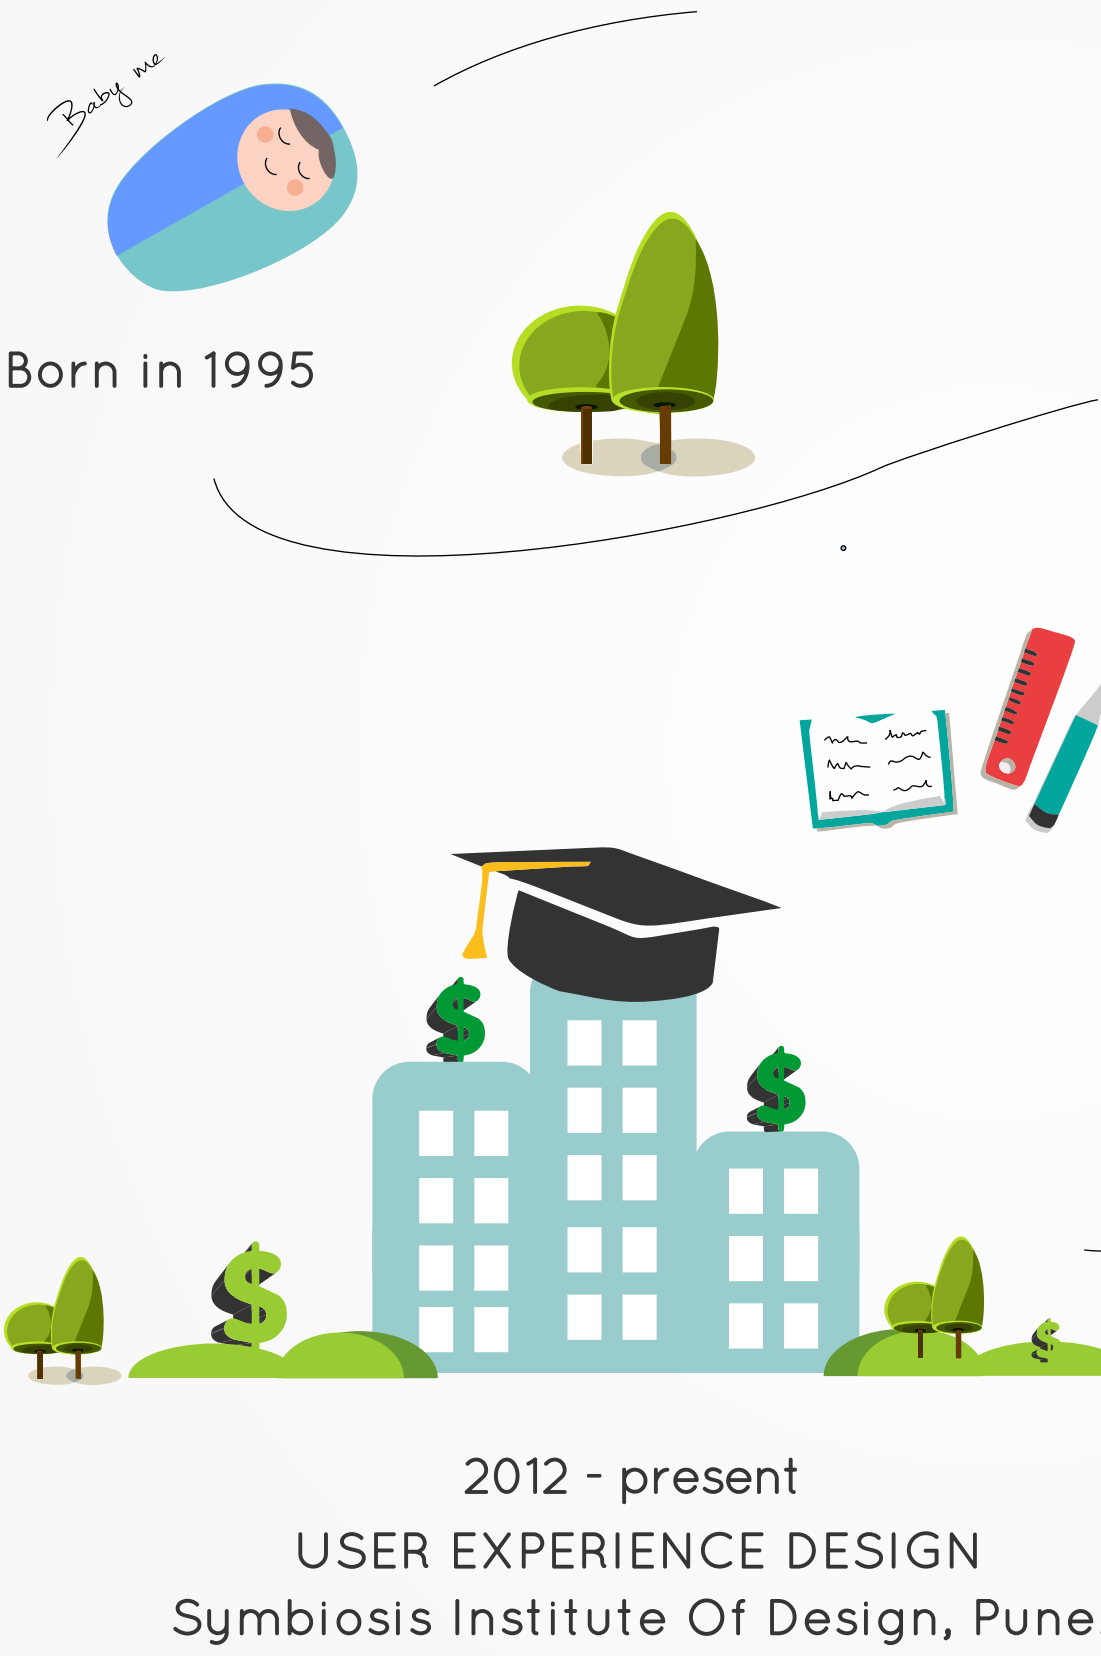

I'm a creative junkie when it comes to design .  
I strive to learn and create better experiences.  
I'm crazy about experimentation and always  
have a new approach to things.

Personally , a very hyper and joyous person  
who jells around very quickly.

Hope you like what you see ;)
